‡ Ceiling heights are subject to bulkheads, dropped ceilings and structural beams.

The Vendor reserves the right to substitute any materials used in construction of the Unit provided that such substitute materials are of equal or better quality than those represented to the Purchaser. The Vendor further reserves the right to make minor changes or modifications in the plans and specifications at its discretion. The determination of whether or not same are minor shall be made by the Vendor's Architect. Vendor is not responsible for shade differences occurring from different dye lots or for variations including in color, shade, texture and veining in materials including with respect to tile, carpets, hardwood or laminate flooring, cabinetry, natural or manufactured stone, bricks, trim and doors. Samples viewed when choices are made from Vendor's samples are only a general indication of material selected. Details of windows and doors on all elevations and location of exterior lights may not be exactly as shown on renderings. Finished floor height and built-in noise attenuation measures may cause ceiling heights to vary in some areas. Drop ceilings and bulkheads will occur to accommodate HVAC and structural requirements.
